

SOUND TEACHING MAY STOP SOON

Miss Helen Taft Takes Gloomy View of the School Outlook.

Miss Helen Taft, daughter of ex-President Taft, who is acting dean of Bryn Mawr, is the youngest Dean in the United States. Miss Taft was interviewed recently in Washington concerning the schools of that city. Of her many comments, the following will be of particular interest to citizens of Fairmont:

"If Washington teachers do not receive higher pay shortly, sound teaching is going to cease," Miss Taft said. "Children will catch the spirit of restlessness and discontent, and our hopes of making the public schools help train citizens to respect the institutions of the country will be futile."

"Teachers daily are leaving the schools in every part of the country. The condition in Washington is very serious. There should be no teacher here receiving less than \$1,500 a year. I believe a minimum salary of \$1,800, such as we are trying to have at Bryn Mawr, would be suitable."

"Untrained young girls are now teaching in the schools. This should not be. The old and experienced teachers should be induced to remain by living salaries. Too many good teachers are leaving the system. They can hardly support themselves on their low salaries, and gradually all of the good teachers will leave the schools to seek more lucrative systems."

Fairmont schools have lost several of her best teachers this year for the very reason that Miss Taft points out, and others are known to be considering offers of much better pay in different lines of work.

FARMINGTON

Operator Sick.
Ray Laughlin, movie machine operator at the Lyric theatre, is confined to his home in West Farmington with severe sickness. Ernest Burnett is running the machine during Mr. Laughlin's sickness.

In Fairmont.
Walter Downs and Lloyd Jones, assistant business managers of the "Lincoln," Farmington high school year book, were in Fairmont on business Tuesday.

Recovering.
Mrs. John Downs who has been very ill for some time, is improving at this time.

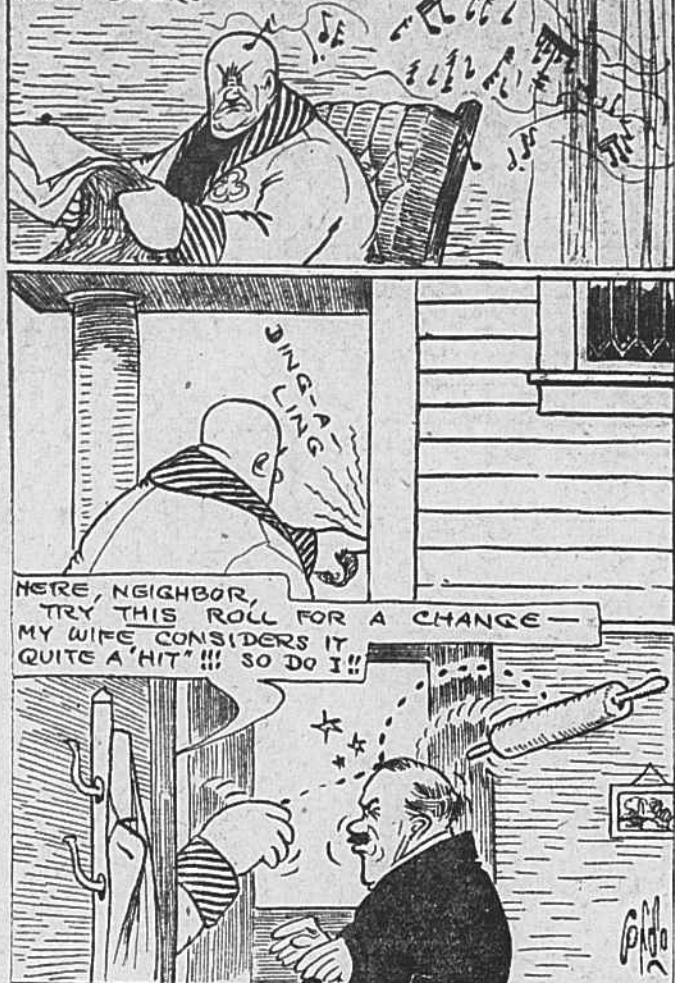

Returned Home.
Mrs. J. C. Collins who has been visiting her sisters, the Misses Mary and Nell Murphy here for several days, has returned to her home at Grant Town.

High School Baseball.
High school athletes have been at it the past few days getting the kinks out of their arms, getting ready for the coming season. The nucleus of the year's team will be Wilcox, catcher; Donaldson, pitcher; Laughlin, first base, and Clelland, Capet and Fleming, outfielders. Capet will likely be sent in to take care of the hot corner. Kohlstricker will be sub catcher and it probably will be between him, Galien and Rudy for short. Suvelaks is out for second. "Waddy" Kerr will be out for the outfield. With this material and a host of other candidates.

"A skin you love to touch"

You, too, can have this charm

No matter what other charms you have, they count for little unless you have the greatest of all charms—a clear, fresh skin.

An authority on the skin has said: "Whatever your difficulty is, you can remedy the trouble, if you will only give your skin intelligent care and attention."

The following treatment brings the blood to the surface and stimulates the small muscular fibres. Begin it tonight and see how it will improve your skin.

Just before retiring, wash your face and neck with plenty of Woodbury's Facial Soap and warm water. After rinsing your face with warm water, rub a fresh lather of Woodbury's into your skin, using an upward and outward motion. Do this until the skin feels just a little sensitive. Then

rinse the skin well in warm water, then in cold, finishing by rubbing for thirty seconds with a piece of ice. Always be careful to dry the skin thoroughly.

Make this treatment a regular habit, and in a much shorter time than you would imagine, your skin will take on the greater loveliness that it can have.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

The Andrew Jergens Company, Cincinnati, New York and Perth, Ontario.
